

1. General body Meetings:

General body staff meetings are held periodically during the session and deliberations done by the faculty and/or by the individual members, and matters requiring faculty vote are considered at these meetings.

2. Departmental staff meetings:

Departmental meetings are held by the teaching staff in each of the departments to plan, organise, implement and evaluate the academic programme. Emergency meeting related to immediate action can be called as per need by the Principal.

3. Committees facilitating effective management:

The committees of the faculty and student groups function in designated of planning and co-ordinating the teaching programmes and advising the Principal on policies and programme. Interim reports are given at the general staff meeting and a final report is submitted by the committee at the end of the academic year indicating work accomplished, problems faced and suggestions for future improvement. The various committees are as follows:
