Dated: 24/12/2020

## NOTICE

It has been observed that several students of MBBS Batch 2019 are yet to resume regular classes of First Professional which began on 1/12/2020.

This is to remind all the students that as per the revised Graduate Medical Education Regulations, issued by the Medical Council of India and implemented with effect from Batch 2019, it is mandatory for each student to successfully attain all certifiable competencies. As quoted in the document- "*Learners must have completed the required certifiable competencies for that phase of training and completed the log book appropriate for that phase of training to be eligible for appearing at the final university examination of that subject.*" **Hence, all students who have not completed successfully certifiable competencies, will not be allowed to appear in the University examinations.**

In view of the difficult situation due to the on-going pandemic, the teaching schedule is extended for a week to enable all late joiners to complete their certification sessions as per the following schedule:

Date	Subject
